THE ME RIGHT NOW...

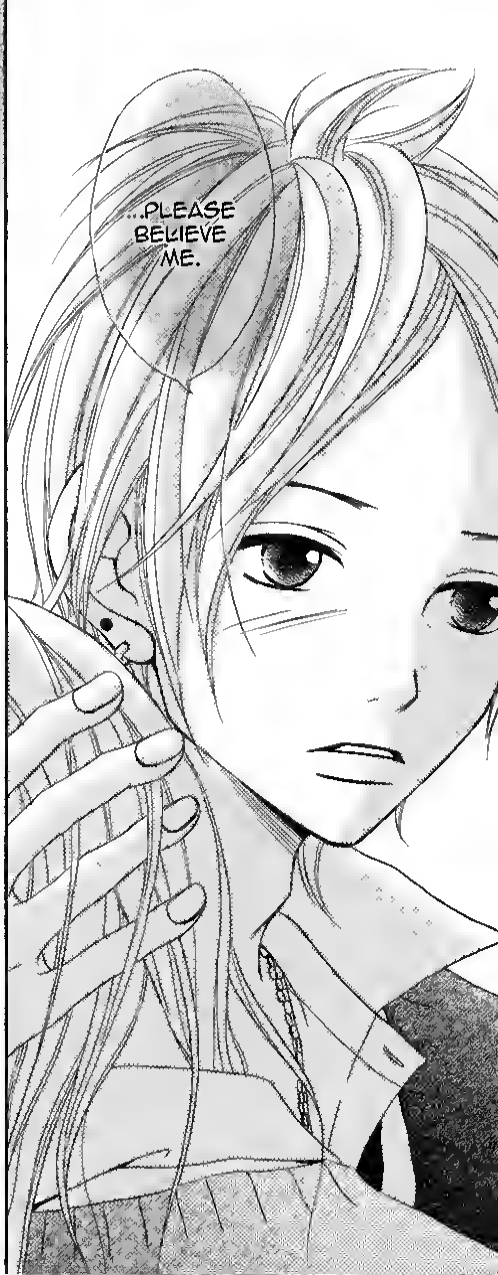
I FEEL LIKE I NEED YOU.
Sensei called you that, right?
What's the meaning of that strap?
I want to know.
...Then why,
Why don't you take it off even now?

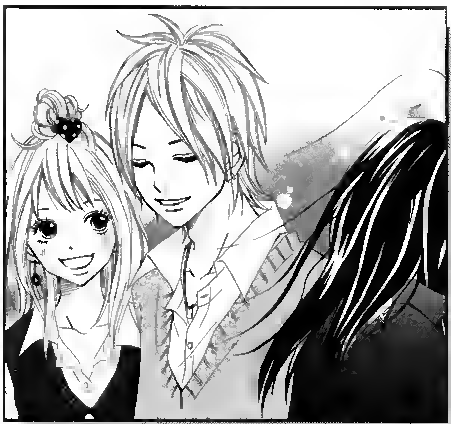
I was afraid

that I'd lose the happiness I longed for

and finally obtained.



YEAH...
So I couldn't ask..



Happy 1st Anniversary, Midnight Scans!

Looking back at the past year, we struggled to match each other's pace and to get to where we are now is a great accomplishment and one of the best memories we could have. As we worked to keep the group active, we fumbled upon a lot of troubles and embarrassing moments (IE: editing in the toilet *Gough*). We are glad that we have each other and that we stand united to face whatever troubles may hit us.

We would like to take this moment to thank all the readers who have been following our releases.
Thank you for being patient as we procrastinated in releasing our chapters.

We also want to give thanks to our joint partners for allowing us the chance to work with them and also learning a thing or two, here and there and most of all being very patient when we are slow.
We would also love to shout out our thanks to kyinni. Without you, we wouldn't have made it this far (with the pretty site and forum), as you have let us abuse the server you set up for us! You'll always be one of us!

To the Proofreader Divison:
Thank you for staying calm despite how little time you have to work on the masses of chapters given.

To the Translator's Division:
Without you girls, we are definitely a dead group. Thanks a lot sachie, camui and susi who speed up their TL-ing and work till the wee hours of the morning just for the group. Awww.

To the Editor's Division:
It's amazing that you are still intact and not running away because of the mighty bamboo katana that whips and tortures you all to work like mad. xD Thanks for all the lovely and great edits you have given!

The Scanners:
Words cannot express our gratitude, as you fork out money from your own pocket and buy the mangas for our group. We love your scans and we hope we can look forward to more beautiful scans and bishie/bishoujo coming from you..

Doesn't it worry you!? You better go!!
You'll make it if you go now.
EVEN I THOUGHT,

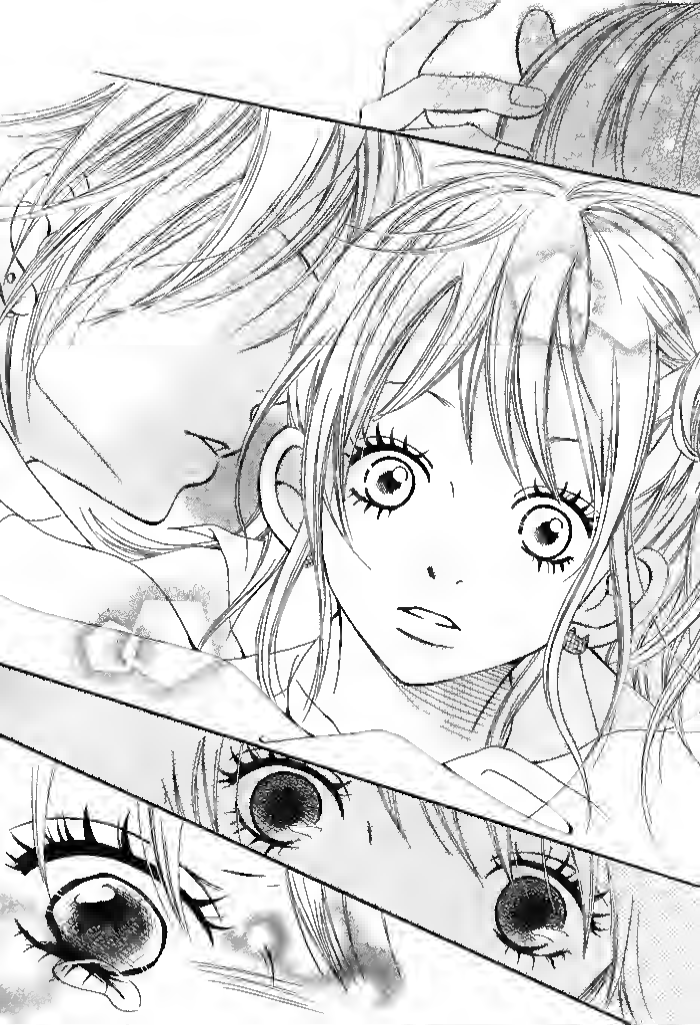
I THINK IT HAS TO BE HER
ACTUALLY,
NOW...
JUST WHO MIGHT THAT BE?

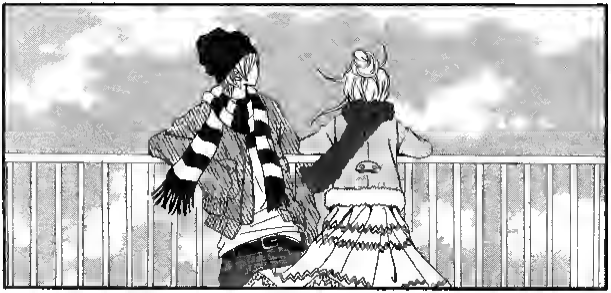


I always wanted to hear those words.

I love you.
WOOSH

Sensei went on a trip.

But by bit, time seemed to be moving on again.



She was waving with a smile on her face, as if to say, "Thank you."

I wanted to watch her forever.

Then a few days later,

I received...

A letter.

Sensei's love...
SENSEI!"
DO I LOOK LIKE IT?
.....
DO YOU REGRET IT?

Tokumoto-kun's love...
Smile
And even.
My own love...
In our own way.
We will all find it.

With a sparkling

and bright happiness,

Right?

Happy 1st Anniversary, Midnight Scans!

Looking back at the past year, we struggled to match each other's pace and to get to where we are now is a great accomplishment and one of the best memories we could have. As we worked to keep the group active, we fumbled upon a lot of troubles and embarrassing moments (IE: editing in the toilet *Gough*). We are glad that we have each other and that we stand united to face whatever troubles may hit us.

We would like to take this moment to thank all the readers who have been following our releases.
Thank you for being patient as we procrastinated in releasing our chapters.

We also want to give thanks to our joint partners for allowing us the chance to work with them and also learning a thing or two, here and there and most of all being very patient when we are slow.
We would also love to shout out our thanks to kyinni. Without you, we wouldn't have made it this far (with the pretty site and forum), as you have let us abuse the server you set up for us! You'll always be one of us!

To the Proofreader Divison:
Thank you for staying calm despite how little time you have to work on the masses of chapters given.

To the Translator's Division:
Without you girls, we are definitely a dead group. Thanks a lot sachie, camui and susi who speed up their TL-ing and work till the wee hours of the morning just for the group. Awww.

To the Editor's Division:
It's amazing that you are still intact and not running away because of the mighty bamboo katana that whips and tortures you all to work like mad. xD Thanks for all the lovely and great edits you have given!

The Scanners:
Words cannot express our gratitude, as you fork out money from your own pocket and buy the mangas for our group. We love your scans and we hope we can look forward to more beautiful scans and bishie/bishoujo coming from you..

COMING SOON:
